

## ANDROID DEVELOPER (INTERNSHIP) SOCIAL NETWORK FOR EVENTS

### OFFER

Are looking for a new challenge and engage in a highly motivating side project? Are you ready to join a team of entrepreneurial and passionate people? Join us in an exciting adventure that aims to disrupt traditional event platforms and ticketing distribution.

### ABOUT THE COMPANY

Smeetz is the first social platform dedicated only to events. It offers a great intuitive approach to social fun and event organization on a private or on a company scale, from birthday parties and working groups, to festivals and nationwide fairs.

Smeetz was founded in 2015 and is based in Lausanne. The company has just launched the beta version of its platform. The team is currently composed of the three founders and is willing to expand in order to pass to the next level in 2017 by raising funds and completing the full platform according their vision.

### ABOUT THE POSITION

- As an Android Developer, you will use your technical skills and have the opportunity to drive product, architectural and technological decisions
- You will have the opportunity to take part in a start-up company, make a difference and manage your time, priorities and working place with a total freedom
- The internship could potentially lead to a permanent position at Smeetz once the internship will be completed

### PROFILE

- Experience in Android applications development
- SDK Android (Java)
- Integrations of applications with REST or SOAP APIs
- University degree in computer science
- Team-player and proactive mindset
- Interest in social networks and in events
- English is mandatory and French is an asset
- B or C work permit or is Swiss citizen

We are looking forward to hearing from you!
