# Product Owner 60% - 80%

## OVERVIEW

Are you an experienced Product Owner looking for a new challenge? Are you excited intersecting technology and business? Do you like to join our growing team of Customer Intelligence professionals having an opportunity to further advance your skills and career in a great working environment?

If you are a highly-motivated individual with a genuine interest in technology and passion to deliver cutting-edge products, we have the perfect job for you!

We are seeking a strong software Product Owner to work with our dream team environment in order to deliver the best software solutions to our sandsiv+™ innovative and industry-leading products.

## WHAT DO WE EXPECT FROM YOU

- Be familiar with SandSIV Solution from technical and business perspective in short time
- Take part of the scrum teams as the Product Owner
- Providing vision and direction to the Agile development team and stakeholders throughout the project and create customer's requirements
- Ensure that the team always has an adequate amount of prior prepared tasks to work on
- Plan and prioritize product feature backlog and development for the product
- Help to define product vision, road-map and growth opportunities together with our Product visionary
- Assess value, develop cases, and prioritize stories, epics and themes to ensure work focuses on those with maximum value that are aligned with product strategy
- Provide backlog management, iteration planning, and elaboration of the user stories
- Work closely with Product Management to create and maintain a product backlog according to business value or ROI
- Lead the planning product release plans and set expectations for delivery of new functionalities

- Provide an active role in mitigating impediments impacting successful team completion of Release/Sprint Goals
- Research and analyze market, the users, and the roadmap for the product
- Follow our competitors and the industry
- Keep abreast with Agile/Scrum best practices and new trends

## **REQUIREMENTS**

- 2 to 3 years of previous working experience as a Product Owner
- MA in Computer Science, Engineering or similar relevant field
- In-depth knowledge of Agile process and principles
- Understanding the Cloud and SaaS method of software delivery and licensing
- Understanding of classical Ecosystem integrations, from Database, Middleware to business application
- Outstanding communication, presentation and leadership skills
- Excellent organizational, time and project management skills
- Sharp analytical and problem-solving skills
- Creative thinker with a vision
- Keen on details
- An ability to multitask and perform under tight deadlines
- Complex problem-solving skills and ability to think abstractly and work independently
- Position requires hands-on person with computer skills
- Strong verbal and written communication skills
- English proficiency level, Italian, German is a plus
- Location: Chiasso Office with regular visits in Zurich Sandsiv headquarter
