

Product Manager

Zurich, Switzerland

*Enabling smart people to solve
the world's most complex problems.
Together.*

Exciting vision

A Blockchain-based network for data science collaboration that disrupts and decentralizes academic research, hedge funds, data-driven consulting etc

Great VC investors

\$1.6m seed round from LocalGlobe and Atlantic Labs + angel investors

Join an all-PhD founding team

with experience in hedge funds, data science, tech & blockchain

Your job

- Ownership of full product life-cycle, close collaboration with engineering teams
- Understand user needs and translate into product requirements and features
- Develop and launch alpha/beta version of our platform together with team
- Responsible for collection, curation, analysis and testing of platform data to improve user interfaces, drive innovation, and ship the best possible user experience

Your skills

- Core expertise in building and deploying digital services, e.g., consumer facing platforms, digital 2 sided marketplaces, e-commerce and online shopping systems
- Relevant experience of end-to-end digital product management:
 - experience with writing (non technical) test conditions as part of their specs
 - kanban tools (e.g. Jira, Trello), A/B testing tools (e.g. Maximyzer), analytics tools (e.g. GA, SessionCam), prototyping tools (e.g. Balsamiq)
- Strong communication skills and personal interest in blockchain and data science
- Team-player, self-starter, business acumen and passion for our vision

Your background

- 3+ years of experience in end-to-end product management in software technologies
- Bachelor's degree or higher in relevant field or practical experience
- Fluent in English

Competitive salary + Equity + Tokens

full-time preferred, part-time possible
