

### **Looking for a full or part time software developer**

We are a Swiss Start up creating an online platform to share resources. Our company was founded in 2019 and has around 7 employees. Our goal is to make the world better by creating tools to share resources.

So far, we have a working prototype but in terms of improving the platform and to add further functionalities we are looking for competent developers to join our team. We prefer to hire developers on a full-time or part-time base instead of working with freelancers.

Deliverables:

API, Database Design, Website Development, API Integration, CRM, Database Development, UX/UI, Responsive Design

If you are interested get in contact with us. We are happy to get to know you.
