

# UI/UX Developer

Zurich, Switzerland

*Enabling smart people to solve  
the world's most complex problems.  
Together.*

---

## Exciting vision

A Blockchain-based network for data science collaboration that disrupts and decentralizes academic research, hedge funds, data-driven consulting etc

## Great VC investors

\$1.6m seed round from LocalGlobe and Atlantic Labs + angel investors

## Join an all-PhD founding team

with experience in hedge funds, data science, tech & blockchain

---

## Your job

- Understand user needs and translate them into product requirements and features
- Translate concepts to user flows, wireframes, mockups and prototypes
- Facilitate the user's product vision by researching, conceiving, sketching and user-testing experiences for our digital services and market places
- Envision new user stories, user journeys, as well as mockups
- Cover a wide range of user-facing devices, interfaces and channels

## Your skills

- Expert in identification of (user-centered) design problems and elegant solutions
- Expertise in UX software such as Sketch, Pencil, Balsamiq, or InVision, and the like
- Existing knowledge in HTML5, CSS3, JavaScript, and related front-end technologies
- Ability to iterate designs and solutions efficiently and intelligently
- Ability to clearly and effectively communicate design processes, ideas, and solutions to teams, clients and other stakeholders
- Team-player, self-starter, business acumen and passion for our vision

## Your background

- 3+ years of UX design experience
- Bachelor's degree or higher in relevant field or practical experience
- Fluent in English

## Competitive salary + Equity + Tokens

full-time preferred, part-time possible
